Below we give you some clarification on our policy on the use of cookies, what are they and how to use them.

What are cookies?

A cookie is a small file that a website can send to the visitor's computer to store short text strings. Cookies are safe and can not harm the users' computers, steal information or violate the privacy of the visitor. Cookies are used exclusively to store some data on the user's visit for statistical purposes (for example, pages viewed) and to improve the use of the site.

Why do you use cookies?

The primary purpose is to make our site more effectively and to better understand our visitors, to make information and services more effective and timely.

What kind of cookies we use and why?

In this website we use session cookies, ie temporary cookies that expire and are deleted automatically when you close your browser, and you end your visit. These cookies are only aimed at improving the use of the site, access to content and allow blog comments.

Here we use this data for advertising purposes?

No. The behavioral data obtained from our website are not transferred to third parties.

What other cookie could meet on this site? Cookies "third parties".

We set on this site some third-party services:

- Social sharing (Facebook and Google+)
- Tracking service Google (Google Analytics) to improve statistics of use, which we have provided the IP anonymisation and deselect all options for data sharing , so that Google can use the information collected only and exclusively for the compilation of statistics of the site without making a "crossroads" with any other data

in its possession

.

Visiting a website you may receive cookies from the site is visited ("owners"), both from websites maintained by other organizations ("third parties"). A notable example is the presence of "social plugin" for Facebook, Twitter, Google+ and LinkedIn. It is part of the page visited directly generated by these sites and integrated into site page host. The most common use of social plugin is aimed at sharing content on social networks - that may use cookies for purposes of sharing content (eg allow your authentication on Facebook). The presence of these plugins involves the transmission of cookies to and from all sites operated by third parties. The management of the information collected by "third parties" shall be governed by the relevant information which please refer. To ensure greater transparency and convenience, are shown below the web addresses of different information and ways to manage cookies.
